

## ★ Managing with Insight ★

### Overview

The aim of the two-hour *Managing with Insight* workshop is to build self-awareness of one's own approach to managing and leading and their natural behavioural style. This awareness supports better leadership/management balance and more effective working relationships.

### Topics

- ⇒ Key Beliefs of Great Managers
- ⇒ The Leadership/Management Balance
- ⇒ Understanding and Flexing Your Behavioural Style

### Learning Outcomes

- ✓ Consider own commitment to key beliefs of great managers
- ✓ Devise a management belief statement
- ✓ Make a distinction between leadership and management and define where your personal strength lays
- ✓ Recognise and adapt to own and others behavioural styles

### Delivery

*Managing with Insight* is presented as a two-hour practical workshop. This workshop may be delivered as a stand-alone program or as part of a more comprehensive leadership or management program.

### Target Audience

*Managing for Success* is appropriate for supervisors and managers at any organisational level who wish to improve their management effectiveness.
